Activity 1.3 Forms of energy

Scenes of energy

What to use:

Each PAIR will require:

- magazine cutting of a large, indoor or outdoor scene, showing many forms of energy
- scissors and glue
- pens or pencils
- butcher paper.

What to do:

Step 1

Open the *Find out more* section in <u>Activity 1.1</u> to review different energies.

Step 2

Glue your picture in the centre of the butcher paper.

Step 3

Identify all energies in the scene and label them around the picture.

Step 4

Your teacher will help you display and compare your poster to those of other students.

Discussion:

Were any energies missing in your picture?
